All signed sheets will be taken to show the correct result by the Fixture Secretary.

positions or on the same mat as the triples game. They must also stay in the positions they are drawn for in the pairs for the entire game, and not change places with the other pairs player. The teams that are to be promoted or relegated will be advised at the AGM, but should any Club teams join or leave the League between then and the end of June, the Committee will adjust the promotion/relegation position as appropriate.

APPENDIX 1

Clarification of rule 10.

The team(s) that only has 9 players should submit score cards as per rules 9 and 10 with one name missing from one of the pairs. The opposing captain shall then draw a player from the triples on the opposite rink to that which the "short pair" has been drawn to play on. i.e. if the missing player would be on mat 1, a player is chosen from the triple on mat 2 or vice-versa.

If only 8 players arrive, both pairs shall have one person, as selected from each triple, and again from opposite mats.

In all cases the selected player(s) must not play on the same mat or in the same position as they had played in the triples and they must also stay in the positions they are drawn in both the triples and the pairs for the entire games, and not change places with any other player.
